

2015 Fornacina Brunello di Montalcino Riserva

Balsam notes with cola, rosemary and lavender essence lift gently from the bouquet of the Fornacina 2015 Brunello di Montalcino Riserva. This wine is made with organically farmed fruit. As it opens in the glass, you get a clear picture of the dark fruit at its core and of the delicate limestone dustings that frame the bouquet. This wine draws its fruit from a five-hectare parcel with Alkaline soils rich with numerous mineral components. The complexity of the soils is reflected in the bouquet, and this warm vintage expression delivers ample structure, velvety tannins and lasting intensity. A mere 3,333 bottles were made.
