

## 2021 Fornacina Brunello di Montalcino

---

The organic Fornacina 2021 Brunello di Montalcino is bright and chiseled, offering a well-balanced aromatic profile of plum, dark fruit, grilled herbs and a subtle resinous note reminiscent of redwood or sauna heat.

These elements sit comfortably within the classic Sangiovese spectrum, especially in a vintage that combines balance with underlying power. The palate is focused and linear, closing on fresh, well-defined acidity. Production totals 10,900 bottles.
